InterFlight Global Corporation and GHS Aviation Services Launch Strategic Partnership

Providing a Comprehensive Suite of Advisory, Audit, Consulting and Training Services to Air Transportation Stakeholders Worldwide

InterFlight Global Corporation (“IFG”) and GHS Aviation Services (“GHS”) have signed a Memorandum of Understanding to launch joint advisory, auditing, consulting and training executive services to air transportation industry stakeholders worldwide.

IFG is a firm specialized in strategic, economic, financial, logistical and business development activities. GHS core competencies fulfil operational, safety, security, certification, compliance and insurance activities. In partnership, IFG and GHS cover the full spectrum of professional solutions required by leading worldwide air transportation stakeholders, public, private and governmental.

With operational bases in Miami, Florida and Washington DC Area, USA, IFG-GHS provide their clients with a robust Hemispheric Americas hub of operations and influence. In addition, the firms will operate from Madrid, Spain for European centric projects.

“In cooperation with GHS, we can now offer our clients seamless services in the areas of safety, security, compliance and regulatory compliance. These services and expertise complement IFG’s leading and renowned strategic, economic, financial and business development core competencies” says Oscar S. Garcia, IFG’s Chairman and CEO.”

Exclusively partnering with GHS for these services, our clients will receive the highest level of expertise, services, client care and support every time” Oscar Finalized.

“We have cooperated with GHS successfully in the past, and confidently expect our partnership to evolve even further as we work on each project,” says Oscar S Garcia Chairman and CEO of IFG. “We expect our mutual clients to include governments, airports, airlines, regulators, investors, and ultimately all users of commercial aviation and air transportation at all levels,” he continues.

About IFG

InterFlight Global (“IFG”) is one of the world’s leading Commercial Aviation and Aerospace executive advisory and consulting firm. Since 1992, IFG principals have been involved in most sectors of the aviation and aerospace industries as advisors and consultants to shareholders, senior executives, government institutions, regulators, civic foundations and investors, alike.

IFG provides its clients with strategic, economic, financial and business development expertise tailored to their specific enterprise from its Miami, Florida USA headquarters and Madrid, Spain, EU and its network of affiliated regional offices worldwide. IFG provides solutions that combine a experienced global perspective with laser detailed local knowledge.

ABOUT GHS

GHS Aviation Group is an energetic, innovative, client-focused, global organization formalized in March 2004 by Captain George H Snyder, for the purpose of providing systems-based airline safety and security solutions for a diverse membership of international aviation and transportation industry stakeholders.

The GHS Aviation Experts utilize culturally sensitive methodologies that are laser-focused on the attainment of internationally recognized airline safety standards including IOSA safety standards and industry best practices. Through a combination of technical experience, interpersonal skills, and global business experience, these time-tested methodologies have resulted in internationally recognized success stories that continue to generate positive business value to this very day.
