

SINCE 1992

BOARD ADVISORY SERVICES

“We are your expert aviation and aerospace advisors.
We consistently deliver effective, time-tested and
results-generating advice.”

Our expert re-nowned Board Advisory Services (BAS) are meant to enhance your business decision-making at its highest governance and managerial levels across all its critical dimensions.

IFG's industry leading advisors and senior executives will deliver decades of industry relevant experience, boosting profitability, and enhancing equity. Our only goal is to improve your critical paths and choices, including key strategic, financial, operational, and investment decisions.

Since 1992, IFG's BAS clients worldwide, ranging from startup operations to multi-national conglomerates, have benefited from our timely inputs, cost-effective deliverables and real-time expert decision inputs.

IFG's BAS yield quantified bankable efficiencies, significant equity gains, and most importantly, bottom line profits well in excess of our service's cost.

Moreover, it is by design that the BAS package blends seamlessly with IFG's platforms such as the renowned proprietary Business Consulting Review (BCR) package and other traditional and tailored IFG consulting services.
